Index to Volume 154

Compiled by Stanley Thorley

PART I – SUBJECTS	3–15
PART II – CONTRIBUTORS	15–22
PART III – BOOK REVIEWS	22–26
SUPPLEMENT 4, VOLUME 154	27–29
ACKNOWLEDGEMENT TO ASSESSORS	30–31

Abbreviations: BR Brief Report; C Correspondence; other abbreviations given in text of index.

PART I. SUBJECTS

A hundred years ago.
Inebriate criminal responsibility. Henry Rollin 276–277
Insomnia. Henry Rollin 890
Medico-Psychological Association: certificate in Psychological Medicine – examination questions. Henry Rollin 578
Medico-Psychological Association: Quarterly meeting. Henry Rollin 126
The education of idiots and imbeciles. Henry Rollin 733

Absconders. Characteristics of psychiatric hospital absconders. Arden R. Tomison 368–371

Admissions.
Admission trends. Gary Hosty (C) 731
Psychiatric clinics in general practice: do they reduce admissions? Paul Williams and Matteo Balestrieri 67–71

Adolescence.
A follow-up of adolescents with obsessive–compulsive disorder. M. Allsopp and C. Verduyn 829–834
Childhood and adolescent depression. Peter Birleson (C) 267–268
Teenage depressive stupor. Fuad Hassanyeh and Kenneth Davison (C) 567

Affective disorders.
see also **Mood disorders**
Affective disorders and cerebral vascular disease. Sergio E. Starkstein and Robert G. Robinson (*Review article*) 170–182
Affective 'switch mechanisms'. Mamoun Mobayed (C) 884
Bipolar affective disorder, causes and prevention of relapse. Trevor Silverstone and Sarah Romans-Clarkson (*Review article*) 321–335
The switch mechanism and the bipolar/unipolar dichotomy. M. W. P. Carney *et al* 48–51

Agranulocytosis. Two cases of agranulocytosis on addition of a butyrophenone to a long-standing course of phenothiazine treatment. Allan Young and Robert Kehoe (BR) 710–712

AIDS.
see also **HIV**
AIDS as a current psychopathological theme: a report on five heterosexual patients. John Todd (BR) 253–255
Health education and the AIDS epidemic. Leon Eisenberg 754–767
Munchausen syndrome masquerading as AIDS-induced depression. J. McDonald and K. Wafer (C) 420–421
Organic reaction in AIDS. G. L. Milner (BR) 255–257
Psychosocial status of 192 out-patients with HIV infection and AIDS. Michael B. King 237–242

Akathisia. A rating scale for drug-induced akathisia. Thomas R. E. Barnes 672–676

Akinesia. Gilles de la Tourette's syndrome: amelioration following acute akinesia during lorazepam withdrawal. Simon Wright and Malcolm Peet (BR) 257–259

Alcoholism.
As the years go rolling by: drinking problems in the time dimension. Griffith Edwards (*Benno Pollak Lecture 1988*) 18–26
Inebriate criminal responsibility. Henry Rollin (*A hundred years ago*) 276–277

Quality of parenting in alcoholics and narcotic addicts. Elsa Bernardi *et al* 677–682
Severity of withdrawal in subjects exposed to a combination of alcohol and minor tranquillisers. Christopher S. Thomas *et al* 83–85
Wernicke's encephalopathy in an 18-year-old woman. Stuart Turner *et al* (BR) 261–262

Alexithymia.
Alexithymia, masked depression and loss in a holocaust survivor. Robert Z. Fisch (BR) 708–710
Psychological-mindedness and the alexithymia construct. Graeme Taylor *et al* (C) 731–732

Alzheimer's disease.
Cerebral vascular transit time in Alzheimer's disease and Korsakoff's psychosis and its relation to cognitive function. R. Hunter *et al* 790–796
Genetics, Alzheimer's disease and senile dementia. D. W. K. Kay (*Review article*) 311–320
The effects of nicotine on attention, information processing and short-term memory in patients with dementia of the Alzheimer type. Barbara Sahakian *et al* 797–800

Annotations.
Monoamine oxidase inhibitors: rehabilitation from recent research? David Nutt and Paul Glue 287–291
Sight and insight: brain dopamine receptor occupancy by neuroleptics visualised in living schizophrenic patients by positron emission tomography. John L. Waddington 433–436
Viruses, immunity and mental disorder. David J. King and Stephen J. Cooper 1–7

Anorexia nervosa.
Anorexia nervosa in Hong Kong: why not more Chinese? Sing Lee *et al* 683–688
Perceptivity and paraperceptivity during measurement of gastric emptying in anorexia and bulimia nervosa. P. H. Robinson 400–405
Photography for anorexia nervosa. D. M. Hambridge (C) 575
The validity of the eating disorder examination and its subscales. Zaffra Cooper *et al* 807–812

Anticholinergics. Cholinergic syndrome following anticholinergic withdrawal in a schizophrenic patient abusing marijuana. Rajiv Tandon *et al* (BR) 712–714

Antidepressants. The toxicity of antidepressants. George Beaumont (*Comment*) 454–458

Antipsychotics. Tea and antipsychotics. John Collier (C) 276

Anxiety disorders.
Frequency of symptoms in melancholia (depressive illness). M. Hamilton 201–206
Monoamine oxidase inhibitors: rehabilitation from recent research? David Nutt and Paul Glue (*Annotation*) 287–291
Nosological problems. C. G. Ballard (C) 730
Prevalence of benzodiazepine abuse and dependence in psychiatric in-patients with different nosology: an assessment of hospital-based drug surveillance data. L. G. Schmidt *et al* 839–843
The effects of childhood parental death and divorce on six-month history of anxiety disorders. J. Lindsey Tweed *et al* 823–828

Arson. Epilepsy and arson. Peter K. Carpenter and Alan L. King (BR) 554–556

'Asneezia'. 'Asneezia' – some further observations. G. D. Shukla 689–690

Asthma. Hyperventilation causing asthma (C) 576–577

Athletics. Illicit drug use in strength athletes. Precilla Choi and Andrew Parrott (C) 732–733

Attention. The effects of nicotine on attention, information processing and short-term memory in patients with dementia of the Alzheimer type. Barbara Sahakian *et al* 797–800

Benzodiazepines.
Benzodiazepine addiction in heroin addicts. Rhodri Huws (C) 886
Prevalence of benzodiazepine abuse and dependence in psychiatric in-patients with different nosology: an assessment of hospital-based drug surveillance data. L. G. Schmidt *et al* 839–843
The damnation of benzopdiazepines. F. Kräupl Taylor (*Point of view*) 697–704

'Bhanamati'. 'Bhanamati' sorcery and psychopathology in South India: a clinical study. M. S. Keshavan *et al* 218–220

Binswanger's disease. Treatment of mood disorder associated with Binswanger's disease. Eileen M. Joyce and Raymond Levy (BR) 259–261

'Biological' treatment. 'Biological' treatment. E. D. Myers (C) 120–121

Bipolar affective disorder. Bipolar affective disorder, causes and prevention of relapse. Trevor Silverstone and Sarah Romans-Clarkson (*Review article*) 321–335

Bipolar/unipolar dichotomy. The switch mechanism and the bipolar/unipolar dichotomy. M. W. P. Carney *et al* 48–51

Books reconsidered.
A Critical Dictionary of Psychoanalysis: Charles Rycroft. (John Birtchnell) 734–737
A Study of Brief Psychotherapy: D. H. Malan. (Jeremy Holmes) 891–893
Child Care and the Growth of Love: John Bowlby. (Ann Gath) 579–580

Bowlby, John. *Child Care and the Growth of Love* (Ann Gath, *Books reconsidered*) 579–580

Brain damage. Neuronal misconnections and psychiatric disorder: is there a link? Robert Goodman (*Comment*) 292–299

Bromocriptine. Concomitant treatment of neuroleptic malignant syndrome and psychosis. Harry D. Goldwasser *et al* (BR) 102–104

Bulimia nervosa.
Perceptivity and paraperceptivity during measurement of gastric emptying in anorexia and bulimia nervosa. P. H. Robinson 400–405
The DST and TRH test in bulimia nervosa. A. S. Kaplan *et al* 86–92

The validity of the eating disorder examination and its subscales. Zaffra Cooper *et al* 807–812

Buspirone. Comparative assessment of efficacy and withdrawal symptoms after 6 and 12 weeks' treatment with diazepam or buspirone. Siobhan M. Murphy *et al* 529–534

Butyrophenone. Two cases of agranulocytosis on addition of a butyrophenone to a long-standing course of phenothiazine treatment. Allan Young and Robert Kehoe (BR) 710–712

Camberwell collaborative depression study. The Camberwell collaborative depression study. T. K. J. Craig and Elaine Murphy (C) 564–565, Peter McGuffin *et al* (C) 565

Capgras' syndrome.

Capgras' syndrome. Shôn W. Lewis (C) 270–271, B. H. Green (C) 271, Bron Lipkin (C) 414

Capgras' syndrome and folie à deux involving mother and child. J. Hart and G. M. G. McClure (BR) 552–554

Capgras' syndrome and town duplication. Christopher Ball and Tim Exworthy (C) 889–890

Delusions of inanimate doubles. S. F. Signer (C) 573

Cardiovascular disease. Prevention of cardiovascular disease by psychological methods. Derek W. Johnston (*Review article*) 183–194

Case conferences.

A dementia syndrome of dependency. Roger Howells and Barbara Beats 872–876

Thirty years' war: a battle with insomnia. J. R. Newton *et al* 691–696

Castration. Castration and the sexual offender. C. J. Hansen and J. Schioldann-Nielsen (C) 272

Cathexis. Self-cathexis and other-cathexis: vicissitudes in the history of an observation. D. Macdiarmid 844–852

Cerebral ventricles. Family history and cerebral ventricular enlargement in schizophrenia: a case control study. Michael J. Owen *et al* 629–634

Cerebrovascular disorders.

Affective disorders and cerebral vascular disease. Sergio E. Starkstein and Robert G. Robinson (*Review article*) 170–182

Cerebral vascular transit time in Alzheimer's disease and Korsakoff's psychosis and its relation to cognitive function. R. Hunter *et al* 790–796

Mood disorder following cerebrovascular accident. M. R. Eastwood *et al* 195–200

Childbirth. Non-psychotic psychiatric disorder after childbirth. Brice Pitt (C) 119–120, Paul-Allan Dewsnap and George Stein (C) 120

Childhood.

Capgras' syndrome and folie à deux involving mother and child. J. Hart and G. M. G. McClure (BR) 552–554

Child Care and the Growth of Love: John Bowlby. (Ann Gath, *Books reconsidered*) 579–580

Childhood and adolescent depression. Peter Birleson (C) 267–268

Children surviving parental murder. Noel McClune and Patricia Donnelly (C) 889

Maternal depression and the emotional development of the child. H. L. Caplan *et al* 818–822

Pre-pubertal depressive stupor. Lorne B. Warneke (C) 418–419

Significance of extreme temperament in infancy for clinical status in pre-school years.

I: Value of extreme temperament at 4–8 months for predicting diagnosis at 4.7 years. Michel Maziade *et al* 535–543

II: Patterns of temperament change and implications for the appearance of disorders. Michel Maziade *et al* 544–551

The effects of childhood parental death and divorce on six-month history of anxiety disorders. J. Lindsey Tweed *et al* 823–828

Cholinergic syndrome. Cholinergic syndrome following anticholinergic withdrawal in a schizophrenic patient abusing marijuana. Rajiv Tandon *et al* (BR) 712–714

Clomipramine. Hyponatraemia and clomipramine therapy. D. R. Pledger and H. Mathew (BR) 263–264

Clonidine.

Naltrexone and clonidine in heroin withdrawal treatment. D. Colin Drummond and Douglas Turkington (C) 571–572, Colin Brewer (C) 572

Tricyclic wash-out and growth hormone response to clonidine. M. Schittecatte *et al* 858–863

Cognition. Cerebral vascular transit time in Alzheimer's disease and Korsakoff's psychosis and its relation to cognitive function. R. Hunter *et al* 790–796

Cognitive therapy. An uncontrolled study of cognitive therapy for morbid jealousy. N. R. Bishay *et al* 386–389

Comments.

Community care and the difficult and offender patient. T. D. Scannell 615–619

Neuronal misconnections and psychiatric disorder: is there a link? Robert Goodman 292–299

The toxicity of antidepressants. George Beaumont 454–458

The womb lay still in ancient Egypt. Harold Mersky and Paul Potter 751–753

Community care.

Chronic patients in acute wards. P. M. Abbott *et al* (C) 730

Community care and the difficult and offender patient. T. D. Scannell (*Comment*) 615–619

Community management of schizophrenia: a two-year follow-up of a behavioural intervention with families. Nicholas Tarrier *et al* 625–628

Day-hospital and community treatment for acute psychiatric illness: a critical appraisal. Francis Creed *et al* (*Review article*) 300–310

The chronically mentally ill in community facilities: a study of quality of life. C. J. Simpson *et al* 77–82

Computerised tomography.

CT studies of schizophrenia. C. Mundt (C) 413

Sample size and CT scans in schizophrenia. S. W. Lewis (C) 268–269

Scottish first episode schizophrenia study. VI. Computerised tomography brain scans in patients and controls. Scottish schizophrenia research group 492–498

Consciousness. Altered state of consciousness in a compulsive water drinker. Sing Lee *et al* (BR) 556–558

Conversion disorders. Conversion disorders and ECT. Walter F. Daniel *et al* (C) 274–275

Corrigenda.

December 1988, **153,** 796 (N. Kreitman and P. Casey). 733

December 1988, **153,** 850 (R. J. Russell). 421

September 1988, **153,** 355 (R. Manchandra *et al*). 421

Creatinine phosphokinase.

Concomitant treatment of neuroleptic malignant syndrome and psychosis. Harry D. Goldwasser 102–104

CPK levels and neuroleptic malignant syndrome. Hari D. Maharajh (C) 885–886

Criminal responsibility. Inebriate criminal responsibility. Henry Rollin (*A hundred years ago*) 276–277

Current literature. Comments on the Northwick Park 'functional' psychosis study. G. M. Goodwin *et al* 406–409

Day hospitals.

Day-hospital and community treatment for acute psychiatric illness: a critical appraisal. Francis Creed *et al* (*Review article*) 300–310

Treatment of severe psychiatric illness in a day hospital. Francis Creed *et al* 341–347

De Clérambault's syndrome. De Clérambault's syndrome (erotomania) in organic delusional syndrome. Y. Y. El Gaddal (BR) 714–716

Delusions.

De Clérambault's syndrome (erotomania) in organic delusional syndrome. Y. Y. El Gaddal (BR) 714–716

Delusional depression in 19th-century Scotland. Andrew Robinson (C) 573–574.

Delusions of inanimate doubles. S. F. Signer (C) 573

Delusions of pregnancy in men: case report and review of the literature. Santosh K. Chaturvedi (BR) 716–718

Dementia.

A dementia syndrome of dependency. Roger Howells and Barbara Beats (*Case conference*) 872–876

Cerebral vascular transit time in Alzheimer's disease and Korsakoff's psychosis and its relation to cognitive function. R. Hunter *et al* 790–796

Dementia and Parkinson's disease. W. R. G. Gibb (*Review article*) 596–614

Dexamethasone suppression test in dementia and depression: clinical and biological correlates. J. Shrimankar *et al* 372–377

Eating habits in dementia: a descriptive study. Charles H. Morris *et al* 801–806

Genetics, Alzheimer's disease and senile dementia. D. W. K. Kay (*Review article*) 311–320

Prevalence of dementia. D. W. K. Kay (C) 121–122

The effects of nicotine on attention, information processing and short-term memory in patients with dementia of the Alzheimer type. Barbara Sahakian *et al* 797–800

Dependency. A dementia syndrome of dependency. Roger Howells and Barbara Beats (*Case conference*) 872–876

Depression.

Alexithymia, masked depression and loss in a holocaust survivor. Robert Z. Fisch (BR) 708–710

Camberwell collaborative depression study. T. K. J. Craig and Elaine Murphy (C) 564–565, Peter McGuffin *et al* (C) 565

Childhood and adolescent depression. Peter Birleson (C) 267–268

Chronic depression. R. Thomas (C) 124–125

Delusional depression in 19th-century Scotland. Andrew Robinson (C) 573–574.

Depression in attempted suicide. Robert D. Goldney (C) 881–882

Depression following spinal cord injury: a prospective in-patient study. Fiona K. Judd *et al* 668–671

Depression in self-harm patients. Jon Ennis *et al* 41–47

Dexamethasone suppression test in dementia and depression: clinical and biological correlates. J. Shrimankar *et al* 372–377

Frequency of symptoms in melancholia (depressive illness). M. Hamilton 201–206

History of depressive disorder. W. H. Goss (C) 122

Maternal depression and the emotional development of the child. H. L. Caplan *et al* 818–822

Monoamine oxidase inhibitors: rehabilitation from recent research? David Nutt and Paul Glue (*Annotation*) 287–291

Munchausen syndrome masquerading as AIDS-induced depression. J. McDonald and K. Wafer (C) 420–421

Nosological problems. C. G. Ballard (C) 730

Poverty of speech in schizophrenia and depression during in-patient and post-hospital periods. Ann Barnett Ragin *et al* 52–57

Pre-pubertal depressive stupor. Lorne B. Warneke (C) 418–419

Prevalence of benzodiazepine abuse and dependence in psychiatric in-patients with different nosology: an assessment of hospital-based drug surveillance data. L. G. Schmidt *et al* 839–843

Social support and the outcome of major depression. Linda K. George *et al* 478–485

Teenage depressive stupor. Fuad Hassanyeh and Kenneth Davison (C) 567

The hormonal environment of post-natal depression. Brian Harris *et al* 660–667

The nature and prevalence of depression in chronic schizophrenic in-patients. Thomas R. E. Barnes *et al* 486–491

The occurrence of depression following mania: a method of predicting vulnerable cases. C. P. Lucas *et al* (BR) 705–708

The relationship between depression and hopelessness: implications for current theories of depression. Sheila M. Greene 650–659

The toxicity of antidepressants. George Beaumont (*Comment*) 454–458

The use of rating scales to identify post-natal depression. Brian Harris *et al* 813–817
Treatment of suicidal manic depression. Hameen Markar (C) 123–124
What's so special about two years anyway? Paul Bridges (C) 884–885
Which depressed patients will respond to electroconvulsive therapy? The search for biological predictors of recovery. Allan I. F. Scott (*Review article*) 8–17
Which patients will respond to ECT? Lakshmi N. Yatham *et al* (C) 879, Allan Scott (C) 879–880

Detoxification. Circumstances surrounding the initial lapse to opiate use following detoxification. Brendan P. Bradley *et al* 354–359

Dexamethasone suppression test (DST).
Dexamethasone suppression test in dementia and depression: clinical and biological correlates. J. Shrimankar *et al* 372–377
The DST and TRH test in bulimia nervosa. A. S. Kaplan *et al* 86–92

Diazepam. Comparative assessment of efficacy and withdrawal symptoms after 6 and 12 weeks' treatment with diazepam or buspirone. Siobhan M. Murphy *et al* 529–534

Disease.
Molecular genetics and ethics. M. F. Bristow (C) 882
Molecular genetics and human disease. Anthony S. David (C) 119

Divorce. The effects of childhood parental death and divorce on six-month history of anxiety disorders. J. Lindsey Tweed *et al* 823–828

Dopamine receptors. Sight and insight: brain dopamine receptor occupancy by neuroleptics visualised in living schizophrenic patients by positron emission tomography. John L. Waddington (*Annotation*) 433–436

Drug use. Illicit drug use in strength athletes. Precilla Choi and Andrew Parrott (C) 732–733

Drugs, general *see* **Anticholinergics, Antidepressants, Antipsychotics, Lipids, Monoamine oxidase inhibitors, Narcotics, Neuroleptics, Opiates, Tranquillisers and Tricyclics**

Drugs, specific.
Abuse *see* **Alcohol, Heroin** and **Marijuana**
Investigations *see* **Creatinine phosphokinase, Dexamethasone, Nicotine** and **S-adenosyl methionine (SAM)**
Therapy *see* **Benzodiazepines, Bromocriptine, Buspirone, Butyrophenone, Clomipramine, Clonidine, Diazepam, Lithium, Lofepramine, Lorazepam, Methadone, Mianserin, Naltrexone, Phenothiazine, Propofol** and **Zuclopenthixol**

Dyskinesia, tardive. see **Tardive dyskinesia (TD)**

Dysphonia, spastic. Spastic dysphonia and denervation signs in a young man with tardive dyskinesia. Jeffrey A. Lieberman and Ross Reife (BR) 105–109

Eating disorders.
Eating habits in dementia: a descriptive study. Charles H. Morris *et al* 801–806
Melatonin and sulphatoxymelatonin in eating disorder patients. S. H. Kennedy *et al* (C) 272–273
The validity of the eating disorder examination and its subscales. Zaffra Cooper *et al* 807–812

Eccentrics.
Elderly eccentrics. C. Powell (C) 724
'Normal' eccentrics. David J. Weeks (C) 410–411

Egypt. The womb lay still in ancient Egypt. Harold Mersky and Paul Potter (*Comment*) 751–753

Electroconvulsive therapy (ECT).
A study of factors associated with response to electroconvulsive therapy in patients with schizophrenic symptoms. David Dodwell and David Goldberg 635–639
Conversion disorders and ECT. Walter F. Daniel *et al* (C) 274–275
ECT mythology? C. G. Ballard (C) 575
EEG monitoring of ECT. Erica M. Jones (C) 880–881, Robin G. McCreadie (C) 881
Failure to convulse with ECT. Gianetta Rands (C) 124, Ivan G. Schick (C) 125
Is electroencephalographic monitoring of electroconvulsive therapy clinically useful? R. G. McCreadie *et al* 229–231
Manic features during a course of ECT. Ken Barrett (C) 575
The use of propofol for anaesthesia during ECT. K. H. Simpson and R. P. Snaith (C) 721–722
Which depressed patients will respond to electroconvulsive therapy? The search for biological predictors of recovery. Allan F. Scott (*Review article*) 8–17
Which patients will respond to ECT? Lakshmi N. Yatham *et al* (C) 879, Allan Scott (C) 879–880
Would monitoring by electroencephalogram improve the practice of electroconvulsive therapy? Allan F. Scott *et al* 853–857

Electroencephalograms.
EEG monitoring of ECT. Erica M. Jones (C) 880–881, Robin G. McCreadie (C) 881
Is electroencephalographic monitoring of electroconvulsive therapy clinically useful? R. G. McCreadie *et al* 229–231
Would monitoring by electroencephalogram improve the practice of electroconvulsive therapy? Allan F. Scott *et al* 853–857

Epilepsy. Epilepsy and arson. Peter K. Carpenter and Alan L. King (BR) 554–556

Erotomania.
De Clérambault's syndrome (erotomania) in organic delusional syndrome. Y. Y. El Gaddal (BR) 714–716
Homo-erotomania. Stephen F. Signer (C) 729

Ethics.
Molecular genetics and ethics. M. F. Bristow (C) 882
Molecular genetics and human disease. Anthony S. David (C) 119

Ethnic density. Ethnic density and schizophrenia. Roland Littlewood (C) 123

Expressed emotion (EE).
A trial of family therapy v. a relatives group for schizophrenia. J. Leff *et al* 58–66

Counselling the relatives of the long-term adult mentally ill.
I: Evaluation of the impact on relatives and patients. Brigid MacCarthy *et al* 768–775
II: A low-cost supportive model. Liz Kuipers *et al* 775–782
Lithium prophylaxis and expressed emotion (EE). S. Priebe *et al* 396–399
The initial onset of schizophrenia and family expressed emotion: some methodological considerations. Lois Imber Mintz *et al* 212–217

Family studies.
A family study of two subgroups of schizoaffective patients. Mario Maj 640–643
Family history and cerebral ventricular enlargement in schizophrenia: a case control study. Michael J. Owen *et al* 629–634
Freud's family. Peter Reder (*Point of view*) 93–98
Shoplifting in families of mentally handicapped persons. Meera Roy (C) 574

Family therapy.
A trial of family therapy v. a relatives group for schizophrenia. J. Leff *et al* 58–66
Community management of schizophrenia: a two-year follow-up of a behavioural intervention with families. Nicholas Tarrier *et al* 625–628
Counselling the relatives of the long-term adult mentally ill.
I: Evaluation of the impact on relatives and patients. Brigid MacCarthy *et al* 768–775
II: A low-cost supportive model. Liz Kuipers *et al* 775–782
Family therapy influences on general adult psychiatry. David Cottrell 473–477

Fear. The fear questionnaire. W. A. Arrindell (C) 725–726, Florence J. van Zuuren (C) 726–727

Folie à deux. Capgras' syndrome and folie à deux involving mother and child. J. Hart and G. M. G. McClure (BR) 552–554

Freud, Sigmund. Freud's family. Peter Reder. (*Point of view*) 93–98

Gastric emptying. Perceptivity and paraperceptivity during measurement of gastric emptying in anorexia and bulimia nervosa. P. H. Robinson 400–405

General practice.
Admission trends. Gary Hosty (C) 731
PROQSY: A computerised technique for psychiatric case identification in general practice. Greg Wilkinson and A. C. Markus 378–382
Psychiatric clinics in general practice. Do they reduce admissions? Paul Williams and Matteo Balestrieri 67–71
Psychotherapy and general practice. Linda Gask and Graeme McGrath (*Review article*) 445–453
Referrals from general practitioners to psychiatrists and paramedical mental health professionals. Greg Wilkinson 72–76

Genetics.
Genetics, Alzheimer's disease and senile dementia. D. W. K. Kay (*Review article*) 311–320
Molecular genetics and human disease. Anthony S. David (C) 119
The impact of molecular genetics on our understanding of the psychoses. Michael J. Mullan and Robin M. Murray (*Review article*) 591–595

Gilles de la Tourette syndrome.
Gilles de la Tourette's syndrome: amelioration following acute akinesia during lorazepam withdrawal. Simon Wright and Malcolm Peet (BR) 257–259
The Gilles de la Tourette syndrome: the current status. Mary M. Robertson (*Review article*) 147–169

Glasgow. The Glasgow rehabilitation survey. Martin G. Livingston and Adam Bryson 620–624

Globus hystericus. Is globus hystericus? Chris Mace *et al* (C) 727, I. J. Deary and Janet A. Wilson (C) 727–728

'Good old days'. 'Good old days' of psychiatry. Judy Harrison (C) 126

Group homes. The chronically mentally ill in community facilities: a study of quality of life. C. J. Simpson *et al* 77–82

Hallucinations. Lithium-induced paranoid hallucinatory state. S. H. Kamlana (C) 273

Health education. Health education and the AIDS epidemic. Leon Eisenberg 754–767

Heroin.
Benzodiazepine addiction in heroin addicts. Rhodri Huws (C) 886
Naltrexone and clonidine in heroin withdrawal treatment. D. Colin Drummond and Douglas Turkington (C) 571–572, Colin Brewer (C) 572
Opiate withdrawal symptoms in response to 10-day and 20-day methadone withdrawal programmes. Michael Gossop *et al* 360–363
Quality parenting in alcoholics and narcotic addicts. Elsa Bernardi *et al* 677–682

History taking. Taking a good history. Rajendra D. Persaud and Patricia H. Allderidge (C) 719–720

HIV.
see also **AIDS**
HIV screening. J. B. Connelly (C) 266–267
Psychosocial status of 192 out-patients with HIV infection and AIDS. Michael B. King 237–242

Holmes, Sherlock. Elementary, my dear Freud. Michael Morris (C) 412–413

Holocaust. Alexithymia, masked depression and loss in a holocaust survivor. Robert Z. Fisch (BR) 708–710

Homicide. Women who kill their parents. P. T. d'Orban and Art O'Connor 27–33

Homo-erotomania. Homo-erotomania. Stephen F. Signer (C) 729

Hong Kong.
Anorexia nervosa in Hong Kong: why not more Chinese? Sing Lee *et al* 683–688
Suicide among Chinese schizophrenics in Hong Kong. K. K. Cheng *et al* 243–246
Hopelessness. The relationship between depression and hopelessness: implications for current theories of depression. Sheila M. Greene 650–659
Hormones.
The DST and TRH test in bulimia nervosa. A. S. Kaplan *et al* 86–92
The hormonal environment of post-natal depression. Brian Harris *et al* 660–667
Tricyclic wash-out and growth hormone response to clonidine. M. Schittecatte *et al* 858–863
Hospitals.
Characteristics of psychiatric hospital absconders. Arden R. Tomison 368–371
Hospital suicides: are there preventable factors? Profile of the psychiatric hospital suicide. Seng Eng Goh *et al* 247–249
Hospital suicides. Marcellino Smyth and Nick Craddock (C) 728, Robert Kehoe (C) 728–729
Violent incidents in special hospitals. J. B. Coldwell and L. J. Naismith (C) 270
Hostility. Life events and hostility in self-poisoning. Roger Farmer and Francis Creed 390–395
Human experience. The varieties of human experience. John Nemiah (*Adolph Meyer lecture 1988*) 459–466
Hyperpyrexia. Malignant hyperpyrexia syndrome in combined treatment. E. F. Staufenberg and D. Tantam (C) 577–578
Hyperventilation. Hyperventilation causing asthma. Samuel I. Cohen (C) 576–577
Hyponatraemia.
Hyponatraemia and clomipramine therapy. D. R. Pledger and H. Mathew (BR) 263–264
Lofrepramine-induced hyponatraemia. K. R. Wylie *et al* (C) 419–420
Hysterectomy. Psychological aspects of hysterectomy: a prospective study. Margaret M. Ryan *et al* 516–522
Hysteria.
Conversion disorders and ECT. Walter F. Daniel *et al* (C) 274–275
Is globus hystericus? Chris Mace *et al* (C) 727, I. J. Deary and Janet A. Wilson (C) 727–728
Self-cathexis and other-cathexis: vicissitudes in the history of an observation. D. Macdiarmid 844–852
The womb lay still in ancient Egypt. Harold Mersky and Paul Potter (*Comment*) 751–753

Idiots and imbeciles. The education of idiots and imbeciles. Henry Rollin (*A hundred years ago*) 733
Immunity. Viruses, immunity and mental disorder. David J. King and Stephen J. Cooper (*Annotation*) 1–7
India.
'Bhanamati' sorcery and psychopathology in South India: a clinical study. M. S. Keshavan *et al* 218–220
Factors associated with the course and outcome of schizophrenia in India: results of a two-year multicentre follow-up study. A Verghese *et al* 499–503
Psychiatric disorders among medical in-patients in an Indian hospital. S. N. Deshpande *et al* 504–509
Information processing. The effects of nicotine on attention, information processing and short-term memory in patients with dementia of the Alzheimer type. Barbara Sahakian *et al* 797–800
Insomnia.
Insomnia. Henry Rollin (*A hundred years ago*) 890
Thirty years' war: a battle with insomnia. J. R. Newton *et al* (*Case conference*) 691–696

Jealousy, morbid. An uncontrolled study of cognitive therapy for morbid jealousy. N. R. Bishay *et al* 386–389
Journal supplements. Journal supplements. Matt Jelley (C) 121, Hugh Freeman (*Editor, British Journal of Psychiatry*) (C) 121

Korsakoff's psychosis. Cerebral vascular transit time in Alzheimer's disease and Korsakoff's psychosis and its relation to cognitive function. R. Hunter *et al* 790–796

Lectures.
As the years go rolling by. Drinking problems in the time dimension. Griffith Edwards (*Benno Pollak lecture 1988*) 18–26
The involvement of Soviet psychiatry in the persecution of dissenters. Anatoly Koryagin (*Quarterly meeting 1987*) 336–340
The varieties of human experience. John Nemiah (*Adolph Meyer lecture 1988*) 459–466
Liaison service. The psychiatrist in the obstetric unit: establishing a liaison service. Louis Appleby *et al* 510–515
Life events. Life events and hostility in self-poisoning. Roger Farmer and Francis Creed 390–395
Lipids.
Lipid-lowering drugs. Ian McLoughlin and Philip Clarke (C) 275–276
Lipid-lowering drugs and violence. David F. Horrobin (C) 882–883
Listeria. Listeria and psychiatric syndromes. Janice M. Duncan (C) 887
Lithium.
Lithium in pregnancy and still birth: a case report. S. K. Khandelwal *et al* (BR) 114–116
Lithium prophylaxis and expressed emotion (EE). S. Priebe *et al* 396–399
Lithium-induced paranoid hallucinatory state. S. H. Kamlana (C) 273
Lofepramine. Lofrepramine-induced hyponatraemia. K. R. Wylie *et al* (C) 419–420

Lorazepam. Gilles de la Tourette's syndrome: amelioration following acute akinesia during lorazepam withdrawal. Simon Wright and Malcolm Peet (BR) 257–259

Malan, D. H. *A Study of Brief Psychotherapy*. (Jeremy Holmes, *Books reconsidered*) 891–893

Mania.
Manic features during a course of ECT. Ken Barrett (C) 575
The occurrence of depression following mania: a method of predicting vulnerable cases. C. P. Lucas *et al* (BR) 705–708
Treatment of suidical manic depression. Hameen Markar (C) 123–124

Marijuana. Cholinergic syndrome following anticholinergic withdrawal in a schizophrenic patient abusing marijuana. Rajiv Tandon *et al* (BR) 712–714

Maudsley, Henry. The Melbourne Maudsleys. George I. Szmukler (C) 887–888

Measles. Suspected SSPE – a delayed psychiatric presentation. Peter J. B. Mattinson (BR) 116–118

Medico-Psychological Association.
Certificate in Psychological Medicine – examination questions. Henry Rollin (*A hundred years ago*) 578
Quarterly meeting. Henry Rollin (*A hundred years ago*) 126

Melancholia.
Frequency of symptoms in melancholia (depressive illness). M. Hamilton 201–206
Nosological problems. C. G. Ballard (C) 730

Melatonin. Melatonin and sulphatoxymelatonin in eating disorder patients. S. H. Kennedy *et al* (C) 272–273

Melbourne. The Melbourne Maudsleys. George I. Szmukler (C) 887–888

Memory. The effects of nicotine on attention, information processing and short-term memory in patients with dementia of the Alzheimer type. Barbara Sahakian *et al* 797–800

Mental disorders. *see* **Psychiatric disorders**

Mental handicap. Shoplifting in families of mentally handicapped persons. Meera Roy (C) 574

Methadone.
Benzodiazepine addiction in heroin addicts. Rhodri Huws (C) 886
Opiate withdrawal symptoms in response to 10-day and 21-day methadone withdrawal programmes. Michael Gossop *et al* 360–363

Methodology. The initial onset of schizophrenia and family expressed emotion: some methodological considerations. Lois Imber Mintz *et al* 212–217

Mianserin. Involuntary movements associated with mianserin treatment: a case report. Koichi Otani *et al* (BR) 113–114

Mind–body. The mind–body problem. Jonathan Benjamin (C) 731

Molecular genetics.
Molecular genetics and ethics. M. F. Bristow (C) 882
Molecular genetics and human disease. Anthony S. David (C) 119

Monoamine oxidase inhibitors. Monoamine oxidase inhibitors: rehabilitation from recent research? David Nutt and Paul Glue (*Annotation*) 287–291

Mood disorders.
see also **Affective disorders, Anxiety disorders, Bipolar affective disorders, Bipolar/unipolar dichotomy, Depression, Mania** and **Melancholia**
Mood disorder following cerebrovascular accident. M. R. Eastwood *et al* 195–200
Treatment of mood disorder associated with Binswanger's disease. Eileen M. Joyce and Raymond Levy (BR) 259–261

Movements, involuntary. Involuntary movements associated with mianserin treatment: a case report. Koichi Otani *et al* (BR) 113–114

Munchausen syndrome. Munchausen syndrome masquerading as AIDS-induced depression. J. McDonald and K. Wafer (C) 420–412

Naltrexone. Naltrexone and clonidine in heroin withdrawal treatment. D. Colin Drummond and Douglas Turkington (C) 571–572, Colin Brewer (C) 572

Narcotics. Quality of parenting in alcoholics and narcotic addicts. Elsa Bernardi *et al* 677–682

Near-death.
Near-death experience. Sudhir Stokes (C) 567
The near-death experience. Karl L. R. Jansen (C) 883–884

Neuroleptic malignant syndrome.
Concomitant treatment of neuroleptic syndrome and psychosis. Harry D. Goldwasser *et al* (BR) 102–104
CPK levels and neuroleptic malignant syndrome. Hari D. Maharajh (C) 885–886
Malignant hyperpyrexia syndrome in combined treatment. E. F. Staufenberg and D. Tantam (C) 577–578
Neuroleptic malignant syndrome and pneumomediastinum. Benjamin Hugh Green (BR) 560–561
Zuclopenthixol-induced neuroleptic malignant syndrome at rechallenge and its extrapyramidal effects. Charles J. F. Kemperman (BR) 562–563.

Neuroleptics.
Sight and insight: brain dopamine receptor occupancy by neuroleptics visualized in living schizophrenic patients by positron emission tomography. John L. Waddington (*Annotation*) 433–436
The course of tardive dyskinesia in patients on long-term neuroleptics. J. A. Bergen *et al* 523–528

Neuronal misconnections. Neuronal misconnections and psychiatric disorders: is there a link? Robert Goodman (*Comment*) 292–299

Nicotine. The effects of nicotine on attention, information processing and short-term memory in patients with dementia of the Alzheimer type. Barbara Sahakian *et al* 797–800

Northwick Park. Comments on the Northwick Park 'functional' psychosis study. G. M. Goodwin *et al* (*Current literature*) 406–409

Notification. Types of opiate addiction and notification to the Home Office. M. London and A. H. Ghodse 835–838

Obesity. Tea and antipsychotics. John Collier (C) 276
Obsessive–compulsive disorders.
A follow-up of adolescents with obsessive–compulsive disorder. M. Allsopp and C. Verduyn 829–834
Obsessive–compulsive rituals. Isaac Marks and Metin Basoglu (C) 565–567
Obstetric units. The psychiatrist in the obstetric unit: establishing a liaison service. Louis Appleby *et al* 510–515
Offenders. Community care and the difficult and offender patient. T. D. Scannell (*Comment*) 615–619
Old age.
Elderly eccentrics. C. Powell (C) 724
Reflections on psychotherapy with ageing people, individually and in groups. A. Joan G. Hunter (*Point of view*) 250–252.
The natural history of mental disorder in old age, a long-term study. John R. Robinson 783–789
Opiates.
Benzodiazepine addiction in heroin addicts. Rhodri Huws (C) 886
Circumstances surrounding the initial lapse to opiate use following detoxification. Brendan P. Bradley *et al* 354–359
Lapse, relapse and survival among opiate addicts after treatment: a prospective follow-up study. Michael Gossop *et al* 348–353
Opiate withdrawal symptoms in response to 10-day and 21-day methadone withdrawal programmes. Michael Gossop *et al* 360–363
The opiate prescribing debate. R. F. Hill (C) 888–889
Types of opiate addiction and notification to the Home Office. M. London and A. H. Ghodse 835–838
Organic delusional system. De Clérambault's syndrome (erotomania) in organic delusional syndrome. Y. Y. El Gaddal (BR) 714–716

Panencephalitis. Suspected subacute sclerosing panencephalitis (SSPE) – a delayed psychiatric presentation. Peter J. B. Mattinson (BR) 116–118
Panic attacks. Respiratory control: its contribution to the treatment of panic attacks: a controlled study. George A. Hibbert and Michael Chan 232–236
Paradox. Paradoxical intervention. Alistair J. Macdonald (C) 883
Paramedical personnel. Referrals from general practitioners to psychiatrists and paramedical mental health professionals. Greg Wilkinson 72–76
Paranoid disorders. Lithium-induced paranoid hallucinatory state. S. H. Kamlana (C) 273
Parasuicide.
Depression in attempted suicide. Robert D. Goldney (C) 881–882
Depression in self-harm patients. J. Ennis *et al* 41–47
Parasuicide in young Asian women. Gyles Glover *et al* (C) 271–272
Repetition of parasuicide. Nigel Smeeton and Greg Wilkinson (C) 720, Normal Kreitman and Patricia Casey (C) 721
Parents.
Children surviving parental murder. Noel McClune and Patricia Donnelly (C) 889
Quality of parenting in alcoholics and narcotic addicts. Elsa Bernardi *et al* 677–682
The effects of childhood parental death and divorce on six-month history of anxiety disorders. J. Lindsey Tweed *et al* 823–828
Women who kill their parents. P. T. d'Orban and Art O'Connor 27–33
Parkinson's disease. Dementia and Parkinson's disease. W. R. G. Gibb (*Review article*) 596–614
Personality. 'Normal' eccentrics. David J. Weeks (C) 410
Personality disorders.
Defining personality disorder. T. J. Holden (C) 567–568, Scott O. Lilienfeld (C) 568–569
Multiple personality: a symptom of psychiatric disorder. Thomas A. Fahy *et al* (BR) 99–101
Multiple personality disorder. Onno van der Hart and Suzette Boon (C) 419, Jonathan E. A. Fleming (C) 877, Tom Fahy (C) 878
Psychiatrists' responses to personality disorder. C. Evans (C) 265–266, T. Widiger (C) 266
Phenothiazine. Two cases of agranulocytosis on addition of a butyrophenone to a long-standing course of phenothiazine treatment. Allan Young and Robert Kehoe (BR) 710–712.
Philosophy. Philosophy for trainees. C. Cabrera-Abreu (C) 575–576
Photography. Photography for anorexia nervosa. D. M. Hambridge (C) 575
Pneumomediastinum. Neuroleptic malignant syndrome and pneumomediastinum. Benjamin Hugh Green (BR) 560–561
Points of view.
1. Psychiatric justice. Thomas Szasz 864–869
2. Szasz of psychiatric justice. D. J. West 870–871
Freud's family. Peter Reder 93–98
Reflections on psychotherapy with ageing people, individually and in groups. A. Joan G. Hunter 250–252
The damnation of benzodiazepines. F. Kräupl Taylor 697–704
Poisoning. Unsubstantiated complaints of being poisoned: psychopathology of patients being referred to the National Poisons Unit. E. A. Hutchesson and G. N. Volans 34–40
Positron emission tomography. Sight and insight: brain dopamine receptor occupancy by neuroleptics visualised in living schizophrenic patients by positron emission tomography. John L. Waddington (*Annotation*) 433–436
Post-traumatic stress disorder.
Post-traumatic stress. A. C. White (C) 886–887
The aetiology of post-traumatic morbidity: predisposing, precipitating and perpetuating factors. Alexander C. McFarlane 221–228

Pregnancy.
Delusions of pregnancy in men: case report and review of the literature. Santosh K. Chaturvedi (BR) 716–718
Lithium in pregnancy and still birth. A case report. S. K. Khandelwal *et al* (BR) 114–116
Psychotic illness following termination of pregnancy. Kim Davidson and Anthony W. Clare (BR) 559–560
Prescribing. A comparison of in-patient and out-patient prescribing. D. N. Anderson 644–649
Primary prevention. Prevention of cardiovascular disease by psychological methods. Derek W. Johnston (*Review article*) 183–194
Propofol. The use of propofol for anaesthesia during ECT. K. H. Simpson and R. P. Snaith (C) 721–722
PROQSY. PROQSY: a computerised technique for psychiatric case identification in general practice. Greg Wilkinson and A. C. Markus 378–382
Psychiatric clinics.
Admission trends. Gary Hosty (C) 731
Psychiatric clinics in general practice: do they reduce admissions? Paul Williams and Matteo Balestrieri 67–71
Psychiatric disorders.
Chronic patients in acute wards. P. M. Abbott *et al* (C) 730
Counselling the relatives of the long-term adult mentally ill.
I: Evaluation of the impact on relatives and patients. Brigid MacCarthy *et al* 768–775
II: A low-cost supportive model. Liz Kuipers *et al* 775–782
Day-hospital and community treatment for acute psychiatric illness: a critical appraisal. Francis Creed *et al* (*Review article*) 300–310
Listeria and psychiatric syndromes. Janice M. Duncan (C) 887
Molecular genetics and ethics. M. F. Bristow (C) 882
Molecular genetics and human disease. Anthony S. David (C) 119
Multiple personality: a symptom of psychiatric disorder. Thomas A. Fahy *et al* (BR) 99–101
Neuronal misconnections and psychiatric disorder: is there a link? Robert Goodman (*Comment*) 292–299
Non-psychotic psychiatric disorder after childbirth. Brice Pitt (C) 119–120, Paul-Allan Dewsnap and George Stein (C) 120
Psychiatric disorders among medical in-patients in an Indian hospital. S. N. Deshpande *et al* 504–509
The chronically mentally ill in community facilities: a study of quality of life. C. J. Simpson *et al* 77–82
The natural history of mental disorder in old age: a long-term study. John R. Robinson 783–789
Treatment of severe psychiatric illness in a day hospital. Francis Creed *et al* 341–347
Viruses, immunity and mental disorder. David J. King and Stephen J. Cooper (*Annotation*) 1–7
Psychiatrists.
Predicting the productive research psychiatrist. Gordon Parker (BR) 109–112
Referrals from general practitioners to psychiatrists and paramedical mental health professionals. Greg Wilkinson 72–76
Psychiatry.
1. Psychiatric justice. Thomas Szasz (*Point of view*) 864–869
2. Szasz on psychiatric justice. D. J. West (*Point of view*) 870–871
Family therapy influences on general adult psychiatry. David Cottrell 473–477
The involvement of Soviet psychiatry in the persecution of dissenters. (*Lecture*) 336–340
Psychoanalysis. *A Critical Dictionary of Psychoanalysis*: Charles Rycroft. (John Birtchnell, *Books reconsidered*) 734–737
Psychological-mindedness. Psychological-mindedness and the alexithymia construct. Graeme Taylor *et al* (C) 731–732
Psychopathology. Unsubstantiated complaints of being poisoned. Psychopathology of patients being referred to the National Poisons Unit. E. A. Hutchesson and G. N. Volans 34–40
Psychoses.
Cerebral vascular transit time in Alzheimer's disease and Korsakoff's psychosis and its relation to cognitive function. R. Hunter *et al* 790–796
Comments on the Northwick Park 'functional' psychosis study. G. M. Goodwin *et al* (*Current literature*) 406–409
Concomitant treatment of neuroleptic malignant syndrome and psychosis. Harry D. Goldwasser *et al* (BR) 102–104
CPK levels and neuroleptic malignant syndrome. Hari D. Maharajh (C) 885–886
Psychotic illness following termination of pregnancy. Kim Davidson and Anthony W. Clare (BR) 559–560
Sex chromosomes and psychosis. R. S. Shiwach and M. Crocker (C) 722–723, T. J. Crow (C) 723–724
The classification of functional psychoses and its implications for prognosis. H. J. Möller *et al* 467–472
The impact of molecular genetics on our understanding of the psychoses. Michael J. Mullan and Robin M. Murray (*Review article*) 591–595
Psychosocial status. Psychosocial status of 192 out-patients with HIV infection and AIDS. Michael B. King 237–242
Psychosurgery. What's so special about two years anyway? Paul Bridges (C) 884–885
Psychotherapy.
A Study of Brief Psychotherapy: D. H. Malan (Jeremy Holmes, *Books reconsidered*) 891–893
An uncontrolled study of cognitive therapy for morbid jealousy. N. R. Bishay *et al* 386–389
Psychotherapy and general practice. Linda Gask and Graeme McGrath (*Review article*) 445–453
Reflections on psychotherapy with ageing people, individually and in groups. A. Joan G. Hunter (*Point of view*) 250–252
Self-cathexis and other-cathexis: vicissitudes in the history of an observation. D. Macdiarmid 844–852

Supportive analytical psychotherapy. Sophia Hartland (C) 122–123
The question of therapists' differential effectiveness; a Sheffield Psychotherapy Project addendum. David A. Shapiro *et al* 383–385

Quality of life.
Chronic patients in acute wards. P. M. Abbott *et al* (C) 730
The chronically mentally ill in community facilities: a study of quality of life. C. J. Simpson *et al* 77–82
Questionnaire. The fear questionnaire. W. A. Arrindell (C) 725–726, Florence J. van Zuuren (C) 726–727

Rating scales.
see also **Questionnaire** and **Survey Psychiatric Assessment Schedule**
A rating scale for drug-induced akathisia. Thomas R. E. Barnes 672–676
The use of rating scales to identify post-natal depression. Brian Harris *et al* 813–817
Reading about ... The split-brain syndrome. A. S. David 422–425
Recency theory. Schizophrenia: recency theory and syphilis. Femi Oyebode (C) 269
Rehabilitation. The Glasgow rehabilitation survey. Martin G. Livingston and Adam Bryson 620–624
Relatives' groups. A trial of family therapy v. a relatives group for schizophrenia. J. Leff *et al* 58–66
Research. Predicting the productive research psychiatrist. Gordon Parker (BR) 109–112
Respiratory control. Respiratory control: its contribution to the treatment of panic attacks: a controlled study. George A. Hibbert and Michael Chan 232–236
Review articles.
Affective disorders and cerebral vascular disease. Sergio E. Starkstein and Robert G. Robinson 170–182
Bipolar affective disorder: causes and prevention of relapse. Trevor Silverstone and Sarah Romans-Clarkson 321–335
Day-hospital and community treatment for acute psychiatric illness: a critical appraisal. Francis Creed *et al* 300–310
Dementia and Parkinson's disease. W. R. G. Gibb 596–614
Genetics, Alzheimer's disease and senile dementia. D. W. K. Kay 311–320
Prevention of cardiovascular disease by psychological methods. Derek W. Johnston 183–194
Psychotherapy and general practice. Linda Gask and Graeme McGrath 445–453
Seclusion. Adrian Angold 437–444
The Gilles de la Tourette syndrome: the current status. Mary M. Robertson 147–169
The impact of molecular genetics on our understanding of the psychoses. Michael J. Mullan and Robin M. Murray 591–595
Which depressed patients will respond to electroconvulsive therapy? The search for biological predictors of recovery. Allan F. Scott 8–17
Ryecroft, Charles. *A Critical Dictionary of Psychoanalysis.* (John Birtchnell, *Books reconsidered*) 734–737

S-adenosyl methionine (SAM). The switch mechanism and the bipolar/unipolar dichotomy. M. W. P. Carney *et al* 48–51
Sample size. Sample size and CT scans in schizophrenia. S. W. Lewis (C) 268–269
Schizoaffective disorders.
A family study of two subgroups of schizoaffective patients. Mario Maj 640–643
A study of factors associated with response to electroconvulsive therapy in patients with schizophrenic symptoms. David Dodwell and David Goldberg 635–639
Schizophrenia.
A study of factors associated with response to electroconvulsive therapy in patients with schizophrenic symptoms. David Dodwell and David Goldberg 635–639
A trial of family therapy v. a relatives' group for schizophrenia. J. Leff *et al* 58–66
Cholinergic syndrome following anticholinergic withdrawal in a schizophrenic patient abusing marijuana. Rajiv Tandon *et al* (BR) 712–714
Community management of schizophrenia: a two-year follow-up of a behavioural intervention with families. Nicholas Tarrier *et al* 625–628
CT studies of schizophrenia. C. Mundt (C) 413
Ethnic density and schizophrenia. Roland Littlewood (C) 123
Factors associated with the course and outcome of schizophrenia in India: results of a two-year multicentre follow-up study. A. Verghese *et al* 499–503
Family history and cerebral ventricular enlargement in schizophrenia: a case control study. Michael J. Owen *et al* 629–634
Internal monitor defect in schizophrenia. T. W. Fan (C) 570–571
Negative and depressive symptoms in schizophrenia. P. Kulhara *et al* 207–211
Positive symptoms of schizophrenia. Howard Ring (C) 268, Brian R. Timney (C) 268, Chris Frith and John Done (C) 569–570
Poverty of speech in schizophrenia and depression during in-patient and post-hospital periods. Ann Barnett Ragin *et al* 52–57
Sample size and CT scans in schizophrenia. S. W. Lewis (C) 268–269
Schizophrenia: recency theory and syphilis. Femi Oyebode (C) 269
Schizophrenia before 1800. J. Foerstl (C) 411–412, Peter K. Carpenter (C) 412
Scottish first episode schizophrenia study. VI. Computerised tomography brain scans in patients and controls. Scottish schizophrenia research group 492–498

Self-cathexis and other-cathexis: vicissitudes in the history of an observation. D. Macdiarmid 844–852
Sight and insight: brain dopamine receptor occupancy by neuroleptics visualised in living schizophrenic patients by positron emission tomography. John L. Waddington (*Annotation*) 433–436
Suicide among Chinese schizophrenics in Hong Kong. K. K. Cheng *et al* 243–246
Tactile extinction phenomenon in schizophrenia. O. Gambini *et al* (C) 269–270

The nature and prevalence of depression in chronic schizophrenic in-patients. Thomas R. E. Barnes *et al* 486–491
Unitary models of schizophrenia. C. W. Lo (C) 414–415, Frances Klemperer (C) 415–416, Sue Adams (C) 416–418

Scotland.
Delusional depression in 19th-century Scotland. Andrew Robinson (C) 573–574
Scottish first episode schizophrenia study. VI. Computerised tomography brain scans in patients and controls. Scottish schizophrenia research group 492–498

Seclusion. Seclusion. Adrian Angold (*Review article*) 437–444

Self-harm. Depression in self-harm patients. Jon Ennis *et al* 41–47

Self-poisoning. Life events and hostility in self-poisoning. Roger Farmer and Francis Creed 390–395

Self-rating. Self-rating. John S. Price (C) 418

Sex chromosomes. Sex chromosomes and psychosis. R. S. Shiwach and M. Crocker (C) 722–723, T. J. Crop (C) 723–724

Sex differences. Sex differences in the differentiation of psychiatric symptomatology. M. E. Briscoe *et al* 364–367

Sex offences. Castration and the sexual offender. C. J. Hansen and J. Schioldann-Nielsen (C) 272

Sheffield Psychotherapy Project. The question of therapists' differential effectiveness: a Sheffield Psychotherapy Project addendum. David A. Shapiro *et al* 383–385

Shoplifting.
Loss and theft. R. S. Gillen (C) 721
Shoplifting in families of mentally handicapped persons. Meera Roy (C) 574

Sleep disorders. Violence in sleep: a further diagnostic consideration. Rachel L. Morehouse (C) 729–730

Social support. Social support and the outcome of major depression. Linda K. George *et al* 478–485

Sorcery. 'Bhanamati' sorcery and psychopathology in South India: a clinical study. M. S. Keshavan *et al* 218–220

Soviet psychiatry. The involvement of Soviet psychiatry in the persecution of dissenters. Anatoly Koryagin (*Lecture*) 336–340

Speech. Poverty of speech in schizophrenia and depression during in-patient and post-hospital periods. Ann Barnett Ragin *et al* 52–57

Spinal cord injury. Depression following spinal cord injury: a prospective in-patient study. Fiona K. Judd *et al* 668–671

Split-brain syndrome. A. S. David (*Reading about ...*) 422–425

Still birth. Lithium in pregnancy and still birth: a case report. S. K. Khandelwal *et al* (BR) 114–116

Stupor.
Prepubertal depressive stupor. Lorne E. Warneke (C) 418–419
Teenage depressive stupor. Fuad Hassanyeh and Kenneth Davison (C) 567

Stuttering. Prediction of outcome after treatment for stuttering. Patrick Finn and Merrilyn Gow (C) 273–274

Subacute sclerosing encephalitis (SSPE). Suspected SSPE – a delayed psychiatric presentation. Peter J. B. Mattinson (BR) 116–118

Suicide.
Hospital suicides: are there preventable factors? Profile of the psychiatric hospital suicide. Sang Eng Goh *et al* 247–249
Hospital suicides. Marcellino Smyth and Nick Craddock (C) 728, Robert Kehoe (C) 728–729
Suicide among Chinese schizophrenics in Hong Kong. K. K. Cheng *et al* 243–246
Treatment of suicidal manic depression. Hameen Markar (C) 123–124

Suicide attempts. *see* **Parasuicide**

Sulphatoxymelatonin. Melatonin and sulphatoxymelatonin in eating disorder patients. S. H. Kennedy *et al* (C) 272–273

Survey Psychiatric Assessment Schedule. Before Mrs Thatcher? N. M. J. Kennedy and D. Gaspar (C) 275

Switch mechanism.
Affective 'switch mechanisms'. Mamoun Mobayed (C) 884
The switch mechanism and the bipolar/unipolar dichotomy. M. W. P. Carney *et al* 48–51

Symptoms.
Comparative assessment of efficacy and withdrawal symptoms after 6 and 12 weeks' treatment with diazepam or buspirone. Siobhan M. Murphy *et al* 529–534
Frequency of symptoms in melancholia (depressive illness). M. Hamilton 201–206
Negative and depressive symptoms in schizophrenia. P. Kulhara *et al* 207–211
Nosological problems. C. G. Ballard (C) 730
Positive symptoms of schizophrenia. Howard Ring (C) 268, Brian R. Timney (C) 268, Chris Frith and John Done (C) 569–570
Sex differences in the differentiation of psychiatric symptomatology. M. E. Briscoe *et al* 364–367

Syndrome of inappropriate antidiuretic hormone secretion (SIADH). Hyponatraemia and clomipramine therapy. D. R. Pledger and H. Mathew (BR) 263–264

Syphilis. Schizophrenia: recency theory and syphilis. Femi Oyebode (C) 269

Tactile extinction. Tactile extinction phenomenon in schizophrenia. O. Gambini *et al* (C) 269–270

Tardive dyskinesia (TD).
Spastic dysphonia and denervation signs in a young man with tardive dyskinesia. Jeffrey A. Lieberman and Ross Reife (BR) 105–109
The course of tardive dyskinesia in patients on long-term neuroleptics. J. A. Bergen *et al* 523–528
Tea. Tea and antipsychotics. John Collier (C) 276
Temperament. Significance of extreme temperament in infancy for clinical status in pre-school years.
I: Value of extreme temperament at 4–8 months for predicting diagnosis at 4.7 years. Michel Maziade *et al* 535–543
II: Patterns of temperament change and implications for the appearance of disorders. Michel Maziade *et al* 544–551
Thatcher, Margaret. Before Mrs Thatcher? N. M. J. Kennedy and D. Gaspar (C) 275
Thioridazine. Concomitant treatment of neuroleptic malignant syndrome and psychosis. Harry D. Goldwasser *et al* (BR) 102–104
Thyroid releasing hormone (TRH) test. The DST and TRH test in bulimia nervosa. A. S. Kaplan *et al* 86–92
Time. As the years go rolling by. Drinking problems in the time dimension. Griffith Edwards (*Benno Pollak lecture 1988*) 18–26
Training. Philosophy for trainees. C. Cabrera-Abreu (C) 575–576
Tranquillisers, minor. Severity of withdrawal in subjects exposed to a combination of alcohol and minor tranquillisers. Christopher S. Thomas *et al* 83–85
Treatment. 'Biological' treatment. E. D. Myers (C) 120–121
Tricyclics. Tricyclic wash-out and growth hormone response to clonidine. M. Schittecatte *et al* 858–863

Uterus. The womb lay still in ancient Egypt. Harold Mersky and Paul Potter (*Comment*) 751–753

Violence.
Lipid-lowering drugs. Ian McLoughlin and Philip Clarke (C) 275–276
Lipid-lowering drugs and violence. David F. Horrobin (C) 882–883
Violence in sleep: a further diagnostic consideration. Rachel L. Morehouse (C) 729–730
Violent incidents in special hospitals. J. B. Coldwell and L. J. Naismith (C) 270
Viruses. Viruses, immunity and mental disorder. David J. King and Stephen J. Cooper (*Annotation*) 1–7

Wards, acute.
Chronic patients in acute wards. P. M. Abbott *et al* (C) 730
The chronically mentally ill in community facilities: a study of quality of life. C. J. Simpson *et al* 77–82
Water intoxication. Altered state of consciousness in a compulsive water drinker. Sing Lee *et al* (BR) 556–558
Wernicke's encephalopathy. Wernicke's encephalopathy in an 18-year-old woman. Stuart Turner *et al* (BR) 261–262
Womb. The womb lay still in ancient Egypt. Harold Mersky and Paul Potter (*Comment*) 751–753
Women.
Parasuicide in young Asian women. Gyles Glover *et al* (C) 271–272
Women who kill their parents. P. T. d'Orban and Art O'Connor 27–33

Zuclopenthixol. Zuclopenthixol-induced neuroleptic malignant syndrome at rechallenge and its extrapyramidal effects. Charles J. F. Kemperman (BR) 562–563

PART III. BOOK REVIEWS

AIDS
Bridge, Peter, Mirsky, Allen F. and **Goodwin, Frederick K.** (eds). Psychological, neuropsychotic and substance abuse aspects of AIDS. (David Goldmeier) 142
ALCOHOLISM
Annis, Helen M., Graham, J. Martin and **Davis, Christine S.** Inventory of drinking situations: users' guide. (Jonathan Chick) 279–280
Skinner, Harvey A. and **Holt, Stephen.** The alcohol clinical index: strategies for identifying patients with alcohol problems. (Jonathan Chick) 279
Steinglass, Peter with **Bennett, Linda A., Wolin, Steven J.** and **Reiss, David.** The alcoholic family: drinking problems in a family context. (Douglas Cameron) 586

BIOLOGICAL PSYCHIATRY
Abrams, Richard. Electroconvulsive therapy. (R. P. Snaith) 898
Kiloh, L. G., Smith, J. S. and **Johnson, G. F.** Physical treatment in psychiatry. (John Pollitt) 143
Trimble, Michael R. Biological psychiatry. (Kenneth Davison) 278–279

CHILD AND ADOLESCENT PSYCHIATRY
Looney, John G. (ed.). Chronic mental illness in children and adolescents. (T. P. Berney) 138–139
Popper, Charles (ed.). Psychiatric pharmacosciences of children and adolescents. (I. M. Goodyer) 426
Sarnoff, Charles A. Psychotherapeutic strategies in late latency through early adolescence. (Mark Aveline) 135
Sarnoff, Charles A. Psychotherapeutic strategies in the latency years. (Mark Aveline) 135

CHILD PSYCHIATRY
Adams, Paul L. and **Fras, Ivan** (eds). Beginning child psychiatry. (David Cottrell) 281–282
Bean-Bayog, Margaret and **Stimmel, Barry** (eds). Children of alcoholics. (Peter Anderson) 129
Browne, Kevin, Davies, Cliff and **Stratton, Peter** (eds). Early prediction and prevention of child abuse. (Ian Berg) 588
Chess, Stella, Thomas, Alexander and **Hertzig, Margaret** (eds). Annual progress in child psychiatry and child development – 1987. (Philip Barker) 583
Hoghughi, Masud *et al.* Treating problem children: issues, methods and practice. (Pamela Wills) 584–585
Minty, Brian and **Ashcroft, Colin.** Child care and adult crime. (E. Carol Sheldrick) 427
Schetky, Diane H. and **Green, Arthur H.** Child sexual abuse: a handbook for health care and legal professionals. (Stephen Wolkind) 427–428
Schetky, Diane H. and **Green, Arthur H.** (eds). Child sexual abuse: a handbook for health care and legal professionals. (D. J. West) 581
Winnicott, D. W. Babies and their mothers (Phil Mollon) 902

COMMUNITY PSYCHIATRY
Bloor, Michael, McKeganey, Neil and **Fonkert, Dick.** One food in Eden: a sociological study of the range of therapeutic community practice. (Tom Burns) 895–896
Dorfman, Rachelle (ed.). Paradigms of clinical social work. (Herschel Prins) 897–898
Lavender, Anthony and **Holloway, Frank** (eds). Community care in practice – services for the continuing care client. (Lawrence, R. E.) 899–900

COMPUTER MODELS
Boden, Margaret. Computer models of the mind: computational approaches in theoretical psychology. (Robert West) 746–747
Chard, Tim. Computing for clinicians. (Colin Cooper) 897

CROSS-CULTURAL COMPARISONS
Comas-Diaz, Lilian and **Griffith, Ezra E. H.** (eds). Clinical guidelines in cross cultural mental health. (Bernard Ineichen) 130
Fernando, S. Race and culture in psychiatry. (Linda Gask) 136–137

DEMENTIA
Henderson, A. S. and **Henderson, J. H.** (eds). Etiology of dementia of Alzheimer's type. (Robin Jacoby) 899

DEPRESSION
Kinsbourne, Marcel (ed.). Cerebral hemisphere function in depression. (Anthony David) 896
Kleinman, Arthur. Social origins of distress and disease. (Hugh Freeman) 135–136
Marsella, Anthony J., Hirschfeld, Robert H. A. and **Katz, Martin M.** The measurement of depression. (S. P. Tyrer) 134

EATING DISORDERS
Bhanji, S. and **Mattingly, D.** Medical aspects of anorexia nervosa. (Neil L. Holden) 144–145
Garner, David M. and **Garfinkel, Paul E.** (eds). Diagnostic issues in anorexia nervosa and bulimia nervosa. (Ken Gordon) 144
Hudson, James L. and **Pope, H. G.** (eds). The psychobiology of bulimia. (Neil L. Holden) 144
Pirke, K. M., Vandereycken, W. and **Ploog, D.** (eds). The psychobiology of bulimia nervosa. (Eric Button) 582–583
Scott, Derek (ed.). Anorexia and bulimia nervosa: practical approaches. (Kenneth Gordon) 583–584

EPIDEMIOLOGICAL PSYCHIATRY
Williams, P., Wilkinson, G. and **Rawnsley, K.** (eds). The scope of epidemiological psychiatry. (Mark McCarthy) 895

EPILEPSY
Bruton, C. J. The neuropathology of temporal lobe epilepsy. (D. F. Scott) 131
Pedley, Timothy A. and **Meldrum, Brian S.** (eds). Recent advances in epilepsy (2). (D. F. Scott) 129–130

FAMILY PSYCHIATRY
Bruggen, Peter and **O'Brien, Charles.** Helping families: systems, residential and agency responsibility. (Sally Bonner) 279
Burbatti, Guido L. and **Formenti, Laura.** The Milan approach to family therapy. (Dorothy Heard) 740–741
Gold, Judith H. (ed.). Divorce as a development process. (Nicola Blandford) 749
Hinde, Robert and **Stevenson-Hinde, Joan** (eds). Relationships within families: mutual influences. (Alan Cooklin) 741
Humphrey, Michael and **Humphrey, Heather.** Families with a difference, varieties of surrogate parenthood. (Nigel Beail) 748
MacPhail, Duncan. Family therapy in the community. (Rachel Leheup) 739–740

Michaels, Gerald Y. and **Goldberg, Wendy A.** (eds). The transition to parenthood: current theory and research. (Terry Birchmore) 897
Peters, Ray de V. and **McMahon, Robert J.** (eds). Social learning and systems approaches to marriage and the family. (Sebastian Kraemer) 283
Quinton, David and **Rutter, Michael.** Parenting breakdown – the making and breaking of intergenerational links. (Don McDwyer) 283–284
Visher, Emily and **Kilner, John.** Old loyalties, new ties: therapeutic strategies with stepfamilies. (Gill Gorell Barnes) 282

FORENSIC PSYCHIATRY
Dell, Susanne and **Robertson, Graham.** Sentenced to hospital: offenders in Broadmoor. (Patrick G. McGrath) 426–427
Halleck, Seymour I. The mentally disordered offender. (Paul Bowden) 138
Hirsch, Steven R. and **Harris, John** (eds). Consent and the incompetent patient, ethics, law and medicine. (Derek Chiswick) 430–431
Koenraadt, Frans and **Zeegers, Michael** (eds). Trends in law and mental health. (Paul Bowden) 585–586

GENERAL PSYCHIATRY
Burns, Alistair S., David, Anthony S. and **Farrell, Michael.** MCQs and short notes in psychiatry. (J. J. Hart) 282
Cohen, R. I. and **Hare, J. J.** Student psychiatry today: a comprehensive textbook. (Linda Gask) 900–901
Freeman, Chris. MCQs for psychiatric studies. (J. J. Hart) 282–283

Hafner, H., Gattarz, W. F. and **Janzarik, W.** Search for the causes of schizophrenia. (Hugh Freeman) 140–141

Supplement 4, Volume 154

PART I. SUBJECTS

Adrenoceptors. The platelet α_2-adrenoceptor as a potential biological marker in depression. Jesús A. García-Sevilla 67–72

America.
Comparative distributions of DSM–III diagnoses in North and South American clinical samples. Cecilia Sogi *et al* 91–95
International diagnostic systems and Latin-American contributions and issues. Juan E. Mezzich 84–90

Anxiety disorders. The classification of anxiety disorders. M. G. Gelder 28–32

Cambridgeshire. Obsessive–compulsive disorders in Cambridgeshire: a follow-up study of up to 20 years. G. E. Berrios and H. Chiu 17–20

Cerebral hemispheres. Vocal acoustic correlates of flat affect in schizophrenia: similarity to Parkinson's disease and right hemisphere disease and contrast with depression. M. Alpert *et al* 51–56

Classifications.
An overview of the prospective ICD–10 classification of mental disorders. J. E. Cooper 21–23
The classification of anxiety disorders. M. G. Gelder 28–32

Concepts.
A new concept of the relationship between psychological coping mechanisms and biological stress buffering systems. Arnold J. Friedhoff and Philip Simkowitz 61–66
The concept of perversion in psychoanalysis. R. H. Etchegoyen 81–83
The development of the concept of reactive psychoses. Eric Strömgren 47–50

Coping. A new concept of the relationship between psychological coping mechanisms and biological stress buffering systems. Arnold J. Friedhoff and Philip Simkowitz 61–66

Dementia. Non-cognitive symptoms and the diagnosis of dementia: historical and clinical aspects. G. E. Berrios 11–16

Depression.
Neuroendocrine challenges in the diagnosis of depressive disorders. J. J. López-Ibor *et al* 73–76
The platelet α_2-adrenoceptor as a potential biological marker in depression. Jesús A. García-Sevilla 67–72
Vocal acoustic correlates of flat affect in schizophrenia: similarity to Parkinson's disease and right hemisphere disease and contrast with depression. M. Alpert *et al* 51–56

Diagnoses.
Comparative distributions of DSM–III diagnoses in North and South American clinical samples. Cecilia Sogi *et al* 91–95
International diagnostic systems and Latin-American contributions and issues. Juan E. Mezzich 84–90
Neuroendocrine challenges in the diagnosis of depressive disorders. J. J. López-Ibor *et al* 73–76
Non-cognitive symptoms and the diagnosis of dementia: historical and clinical aspects. G. E. Berrios 11–16
On multiaxial psychiatric diagnosis for general medical patients. A. Lobo 38–41
The biases of psychiatric diagnosis. José Guimón 33–37
The diagnosis of public mental health care bureaucracies. Luis Rojas Marcos and Rosa M. Gil 96–100

Dopamine.
A new concept of the relationship between psychological coping mechanisms and biological stress buffering systems. Arnold J. Friedhoff and Philip Simkowitz 61–66
Dopaminergic balance and subtypes of schizophrenia. R. Dávila *et al* 57–60

DSM–III. Comparative distributions of DSM–III diagnoses in North and South American clinical samples. Cecilia Sogi *et al* 91–95

Epidemiology. Unexplained physical complaints: psychopathology and epidemiological correlates. Javier I. Escobar and Gloriosa Canino 24–27

Follow-up. Obsessive–compulsive disorders in Cambridgeshire: a follow-up study of up to 20 years. G. E. Berrios and H. Chiu 17–22

Hydrocephalus. Psychiatric aspects of normal-pressure hydrocephalus: a report of five cases. J. Pujol *et al* 77–80

ICD–10. An overview of the prospective ICD–10 classification of mental disorders. J. E. Cooper 21–23

Markers. The platelet α_2-adrenoceptor as a potential biological marker in depression. Jesús A. García-Sevilla 67–72

Medicine: general. On multiaxial psychiatric diagnosis for general medical patients. A. Lobo 38–41

Mental disorders *see* **Psychiatric disorders.**
Mental health care. The diagnosis of public mental health care bureaucracies. Luis Rojas Marcos and Rosa M. Gil 96–100

Neuroendocrinology. Neuroendocrine challenges in the diagnosis of depressive disorders. J. J. López-Ibor *et al* 73–76

Obsessive–compulsive disorders. Obsessive–compulsive disorders in Cambridgeshire: a follow-up study of up to 20 years. G. E. Berrios and H. Chiu 17–20

Parkinson's disease. Vocal acoustic correlates of flat affect in schizophrenia: similarity to Parkinson's disease and right hemisphere disease and contrast with depression. M. Alpert *et al* 51–56
Perversions. The concept of perversion in psychoanalysis. R. H. Etchegoyen 81–83
Physical complaints. Unexplained physical complaints: psychopathology and epidemiological correlates. Javier I. Escobar and Gloriosa Canino 24–27
Platelets. The platelet α_2-adrenoceptor as a potential biological marker in depression. Jesús A. García-Sevilla 67–72
Psychiatric disorders.
An empirical prototypical approach to the definition of psychiatric illness. Juan E. Mezzich 42–46
An overview of the prospective ICD–10 classification of mental disorders. J. E. Cooper 21–23
Psychoanalysis. The concept of perversion in psychoanalysis. R. H. Etchegoyen 81–83
Psychopathology. Unexplained physical complaints: psychopathology and epidemiological correlates. Javier I. Escobar and Gloriosa Canino 24–27
Psychoses. The development of the concept of reactive psychoses. Eric Strömgren 47–50

Schizophrenia.
Dopaminergic balance and subtypes of schizophrenia. R. Davila *et al* 57–60
Vocal acoustic correlates of flat affect in schizophrenia: similarity to Parkinson's disease and right hemisphere disease and contrast with depression. M. Alpert *et al* 51–56
Stress. A new concept of the relationship between psychological coping mechanisms and biological stress buffering systems. Arnold J. Friedhoff and Philip Simkowitz 61–66
Symptoms.
Non-cognitive symptoms and the diagnosis of dementia: historical and clinical aspects. G. E. Berrios 11–16
Unexplained physical complaints: psychopathology and epidemiological correlates. Javier I. Escobar and Gloriosa Canino 24–27
